

# **Taurus Securities Limited**

Financial Statements for the Year  
Ended December 31, 2022

## **INDEPENDENT AUDITOR'S REPORT**

### **To the Members of Taurus Securities Limited**

#### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the annexed financial statements of **Taurus Securities Limited** (the Company), which comprise the statement of financial position as at December 31, 2022, the statement of profit or loss, statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at December 31, 2022 and of the loss, total comprehensive loss, the changes in equity and its cash flows for the year then ended.

#### **Basis for Opinion**

We conduct our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Information Other than the Financial Statements and Auditor's Report Thereon**

Management is responsible for the other information. The other information comprises the information included in the Director's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as going concern, disclosing, as applicable, matters related to going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and the related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);

- b) the statement of financial position, the profit or loss account, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investment made, expenditure incurred and guarantees extended during the year were for the purpose of Company's business;
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980); and
- e) company was in compliance with the requirements of section 78 of the Securities Act, 2015 and the relevant requirement of Securities Brokers (Licensing and Operations) Regulations, 2016 as at the date on which the statement of financial position was prepared.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Nadeem Yousuf Adil.

**CHIEF FINANCIAL  
OFFICER**

**CHIEF EXECUTIVE  
OFFICER**

**DIRECTOR**

**TAURUS SECURITIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2022**

**1. LEGAL STATUS AND NATURE OF BUSINESS**

Taurus Securities Limited (the Company) is a public unquoted company, incorporated in Pakistan on June 27, 1993 under the Companies Ordinance, 1984 (now the Companies Act, 2017). The registered office of the Company is situated at 6th Floor, Progressive Plaza, Beaumont Road, Civil Lines, Karachi. It is a subsidiary of National Bank of Pakistan (the Holding Company), which holds 58.32% (2020: 58.32%) of the shareholding of the Company. The Company's principal activities are stock brokerage, investment counseling and fund placements. The Company holds a Trading Rights Entitlement Certificate (TREC) from Pakistan Stock Exchange Limited (PSEL) and it is trading and self clearing.

The Company has branches at the following locations:

- **Karachi:** Room # 618, 6th Floor, Stock Exchange Building, Stock Exchange Road, Karachi.
- **Peshawar:** 2nd Floor, State Life Building, 34 - The Mall, Peshawar Cantt., Peshawar.

**2. BASIS OF PREPARATION**

**2.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan, under ijarah arrangements in accordance with IFAS - 2 - "Ijarah", compliance of "Securities Brokers (Licensing and Operations) Regulations, 2016" and "Central Depository Company of Pakistan Limited" Regulations.. The accounting and reporting standards applicable in Pakistan comprise of International Financial Reporting Standards (IFRSs), issued by International Accounting Standard Board (IASB) as notified under Companies Act, 2017 (the Act) and, provisions of and directives issued under the Act. Where the provisions of and directives issued under the Act differ from the IFRSs, the provisions of and directives issued under the Act have been followed.

**2.2 Basis of measurement**

These financial statements have been prepared under the historical cost convention except for the recognition of certain financial instruments at fair value and liabilities in respect of defined benefit obligations at present value.

**2.2.1 New accounting standards / amendments and IFRS interpretations that are effective for the year ended December 31, 2022**

The following standards, amendments and interpretations are effective for the year ended December 31, 2022. These standards, interpretations and the amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

<b>Standards / Amendments / Interpretation</b>	<b>Effective from accounting period beginning on or after:</b>
Amendment to IFRS 16 'Leases' - Covid-19 related rent concessions extended beyond June 30, 2021	April 01, 2021
Amendments to IFRS 3 'Business Combinations' - Reference to the conceptual framework	January 01, 2022
Amendments to IAS 16 'Property, Plant and Equipment' - Proceeds before intended use	January 01, 2022
Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts — cost of fulfilling a contract	January 01, 2022
Annual Improvements to IFRS Standards 2018-2020 Cycle (related to IFRS 9, IFRS 16 and IAS 41)	January 01, 2022

**New accounting standards, amendments and IFRS interpretations that are not yet effective**

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and the amendments are either not relevant to the Company's / Bank's operations or are not expected to have significant impact on the Company's / Bank's financial statements other than certain additional disclosures.

	<b>Effective from accounting period beginning on or after:</b>
Amendments to IAS 1 'Presentation of Financial Statements' - Disclosure of accounting policies	January 01, 2023
Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of accounting estimates	January 01, 2023
Amendments to 'IAS 12 Income Taxes' - deferred tax related to assets and liabilities arising from a single transaction.	January 01, 2023
Amendments to IFRS 16 'Leases' - Clarification on how seller-lessee subsequently measures sale and leaseback transactions	January 01, 2024
Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current	January 01, 2024

Other than the aforesaid standards and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan (SECP):

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 17 – Insurance Contracts

### **2.3 Use of estimates and judgments**

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan, requires the management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses.

Estimates and judgments, if any, are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the financial statements or where judgment was exercised in application of accounting policies are as follows:

- Classification and impairment of investment (note 3.24.2, 3.24.5, and 13)
- Depreciation rates of property, plant and equipment, right of use assets and intangible assets (note 4, 5 and 6)
- Provision for current and deferred tax (note 3.5, 9 and 26)

## **3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year, unless otherwise stated.

### **3.1 Property and equipment**

#### **Owned assets**

These are stated at cost less accumulated depreciation and accumulated impairment, if any.

Depreciation is charged applying the straight line method at the rates specified in note 4 to these financial statements, which are considered appropriate to write off the cost of the assets over their useful economic lives.

Proportionate depreciation is charged in respect of additions and disposals made during the year. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

Maintenance and normal repairs are charged to the statement of profit or loss. Major renewals and improvements are capitalized.

Gains and losses on disposal of assets, if any, are determined by comparing the sale proceeds with the carrying values and are charged to the statement of profit or loss.

### **Capital work-in-progress**

Capital work-in-progress are stated at cost less impairment, if any. These are transferred to specific assets as and when assets are available for use.

### **3.2 Right of use assets**

Right-of-use assets are recognized at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Unless the Company is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized right-of-use assets are depreciated on a straight line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment.

### **3.3 Intangible assets**

Intangible assets are stated at cost less accumulated amortization and any impairment losses. Amortization is charged over the estimated useful life of the asset on a systematic basis applying the straight line method at the rates specified in note 6 to the financial statements. The estimate of useful life and amortization method are reviewed at the end of each financial year with the effect of any changes in estimate being accounted for prospectively.

The amortization is charged from the month in which asset is available for use while no amortization is charged for the month in which that asset is disposed off.

### **3.4 Ijarah**

The Company accounts for assets under ijarah arrangements in accordance with IFAS-2 "Ijarah" whereby periodic ijarah payments for such assets are recognized as an expense in the statement of profit or loss on straight line basis over the ijarah term.

### **3.5 Taxation**

Current and deferred tax is charged / (reversed) to the statement of profit or loss, except in case of items credited or charged to statement of comprehensive income, in which case it is included in statement of comprehensive income, or where applicable in equity.

#### *Current*

The charge for taxation is based on taxable income at current rates of taxation after taking into account tax credits and tax rebates available, if any.

#### *Deferred*

Deferred tax is recognized using the statement of financial position liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the tax base. This is recognized on the basis of expected manner of the realization and the settlement of the carrying amount of assets and liabilities using the tax rates enacted or substantively enacted at the reporting date. Deferred tax assets are recognized to the extent that future taxable profits will be available against which the deductible temporary differences can be utilized. Deferred tax assets are reduced to the extent that is no longer probable that the related tax benefit will be realized.

### **3.6 Trade debts**

Trade debts are classified at amortized cost and are initially recognized when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss (ECL).

These are recognized on the basis of 'trade date', i.e. the Company recognize trade debts for brokerage as and when such services are provided and/or as and when a deficit arise in client's account. The information maintained by the Company through its back office system is based on settlement-date convention of accounting. This information is, however, adjusted at each reporting date to arrive at the balance based on trade-date convention of accounting which is the Company's accounting policy.

### **3.7 Impairment of non-financial assets**

The Company assesses at each reporting date whether there is any indication that assets except deferred tax assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in the statement of profit or loss. The recoverable amount is higher of an asset's fair value less costs to sell and value in use.

### **3.8 Derivative financial instruments**

Derivative financial instruments are initially recognized at fair value, using trade date accounting and are subsequently re-measured at fair value using appropriate valuation techniques. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of derivative instruments is taken to the statement of profit or loss.

### **3.9 Securities under repurchase / reverse repurchase agreements**

Transactions of repurchase / reverse repurchase of securities and arrangements under margin trading are entered into at contracted rates for specified periods of time. These are considered to be financing transaction instead of actual sale and purchase of securities and are accounted for as follows:

#### *Repurchase agreements*

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognized in the Statement of financial position and are measured in accordance with accounting policies for investments. The counterparty liability for amounts received under these agreements is included in funds under repurchase agreements. The difference between sale and repurchase price is treated as mark-up on repo transactions of quoted investments and accrued over the life of the repo agreement.

#### *Reverse repurchase agreements*

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognized in the Statement of financial position as investments. Amounts paid under these agreements are recorded as 'Financing under reverse repo'. The difference between purchase and resale price is treated as mark-up on reverse repurchase transactions, as the case may be, and accrued over the life of the reverse repo agreement.

### **3.10 Cash and cash equivalents**

Cash in hand and at banks is carried at cost. For the purposes of the statement of cash flows, cash and cash equivalents consist of cash and bank, running finance obtained to meet short term cash requirements and short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### **3.11 Revenue recognition**

The Company is in the business of rendering of brokerage services. Revenue from contracts with customers is recognized when services are rendered to the customer and thereby the performance obligation is satisfied, at amount that reflects the consideration to which the Company expects to be entitled in exchange for those services.

To determine whether to recognize revenue, the Company follows a 5-step process

- Identifying the contract with a customer
- Identifying the performance obligations
- Determining the transaction price
- Allocating the transaction price to the performance obligations
- Recognizing revenue when/as performance obligation(s) are satisfied.

Revenue is recognized either at a point in time or over time, when and as the Company satisfies performance obligations.

- Brokerage fee is recognized on trade date.
- Capital gains and losses on sale of investments are recorded on the date of sale.
- Dividend income is recognized when the right to receive the dividend is established.
- Mark-up / interest from margin trading, reverse repurchase transactions and term deposit receipts is recognized over time.

### **3.12 Provision, commitments and contingencies**

A provision is recognized when the Company has a present legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation of which reliable estimate can be made.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. Provisions are discounted to their present values, where the time value of money is material.

Commitments includes the estimated amount, so far as not provided for in the financial statements, of future contractual commitments.

No liability is recognized if an outflow of economic resources as a result of present obligations is not probable. Such situations are disclosed as contingent liabilities unless the outflow of resources is remote.

### **3.13 Fiduciary assets**

Assets held in trust or in a fiduciary capacity are not treated as assets of the Company and accordingly are not included in these financial statements.

### **3.14 Trade and other payables**

Trade and other payables are recognized initially at fair value plus directly attributable cost, if any, and subsequently measured at amortized cost using the effective interest method. However the effect of amortization is negligible.

Trade payables are recognized on the basis of 'trade date', i.e. the Company recognize trade payables for brokerage as and when such services are provided and/or as and when a surplus arise in client's account. The information maintained by the Company through its back office system is based on settlement-date convention of accounting. This information is, however, adjusted at each reporting date to arrive at the balance based on trade-date convention of accounting which is the Company's accounting policy.

### **3.15 Staff retirement benefits**

Accounting policy of defined benefit plans is as follows:

#### *Gratuity fund*

The liability / asset recognized in the statement of financial position is the present value of defined benefit obligation at the reporting date less fair value of plan assets. The defined benefit obligation is calculated annually using Projected Unit Credit Method. Remeasurements which comprise actuarial gains and losses and the return on plan assets (excluding interest) are recognized immediately in other comprehensive income. While interest income and interest expense are recognized immediately in the statement of profit or loss.

#### *Provident fund*

Monthly contributions by the Company are expensed and recognized as payable in the statement of financial position.

### **3.16 Borrowing costs**

Borrowing costs are recognized as an expense in the period in which these are incurred, except to the extent that they are directly attributable to the acquisition or construction of a qualifying asset (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use or sale) in which case these are capitalized as part of the cost of that asset.

### **3.17 Related party transactions**

All transactions involving related parties arising in the normal course of business are conducted at normal commercial rates on the same terms and conditions as third party transactions using valuation models, as admissible, except in extremely rare circumstances where, subject to approval of the Board of Directors, it is in the interest of the Company.

### **3.18 Financial instruments**

All financial assets and financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instruments. Financial asset is derecognized when the Company loses control of the contractual rights that comprise the financial assets or portion of financial assets, while a financial liability or part of financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on derecognition of the financial assets and liabilities is taken to the statement of profit or loss currently.

### **3.19 Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

The Company measures the fair value using valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

### **3.20 Offsetting**

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to set-off the recognized amounts and the Company intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously.

### **3.21 Operating segments**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision-maker who is responsible for allocating resources and assessing performance of the operating segment has been identified as the board of directors that makes strategic decision. The management has determined that the Company has a single reportable segment as the Board of Directors views the Company's operations as one reportable segment.

### **3.22 Reserves**

#### *Revenue Reserve*

Retained earnings includes all current and prior period retained profits. Reserves also include other components of equity which includes remeasurement of net defined benefit liability – comprises the actuarial losses from changes in demographic and financial assumptions and the return on plan assets and reserves for unrealized gain on remeasurement of financial assets carried at fair value through OCI and cash flow hedges – comprises gains and losses relating to these types of financial instruments.

### **3.23 Dividend and appropriation to reserves**

Dividend and appropriation to reserves are recognized in the financial statements in the year in which these are approved.

### **3.24 Financial Instruments - Initial recognition and subsequent measurement**

#### **3.24.1 Initial recognition**

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. These are subsequently measured at fair value, amortized cost as the case may be.

#### **3.24.2 Classification of financial assets**

The Company classifies its financial instruments in the following categories:

- at fair value through profit or loss ("FVPL")
- at fair value through other comprehensive income ("FVOCI"), or
- at amortized cost.

The Company determines the classifications of financial assets at initial recognition. The classification of instruments (other than equity instruments) is driven by the Company's business model for managing the financial assets and their contractual cash flow characteristics.

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at FVOCI:

- the financial asset is held within a business model whose objective achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial assets give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at FVPL.

### **3.24.3 Classification of financial liabilities**

From January 01, 2019, the Company classifies its financial liabilities in the following categories:

- at fair value through profit or loss ("FVPL"), or
- at amortized cost

Financial liabilities are measured at amortized cost, unless they are required to be measured at FVPL (such as instrument held for trading or derivatives) or the Company has opted to measure them at FVPL.

### **3.24.4 Subsequent measurement**

#### **i) Financial assets at FVOCI**

Elected investments in equity instruments at FVOCI are initially recognized at fair value plus transaction costs. Subsequently, they are measured at fair value, with gains or losses arising from changes in fair value recognized in other comprehensive income/(loss).

#### **ii) Financial assets and liabilities at amortized cost**

Financial assets and liabilities at amortized cost are initially recognized at fair value, and subsequently carried at amortized cost, and in the case of financial assets, less any impairment.

Financial assets and liabilities carried at FVPL are initially recorded at fair value and transaction costs are expensed in the statement of profit or loss. Realized and unrealized gains and losses arising from changes in the fair value of financial assets and liabilities held at FVPL are included in the statement of profit or loss in the period in which they arise.

Where the management has opted to recognize a financial liability at FVPL, any changes associated with the Company's own credit risk will be recognized in other comprehensive income/(loss). Currently, there are no financial liabilities designated at FVPL.

### **3.24.5 Impairment of financial assets**

From January 01, 2019, the Company have assessed on a forward looking basis, the expected credit losses associated with the debt instruments carried at amortized cost and FVOCI at an amount equal to life time ECLs except for the financial assets in which there is no significant increase in credit risk since initial recognition or financial assets which are determine to have low credit risk at the reporting date, in which case twelve months' ECL is recorded. The following were either determine to have low or there was no credit risk since initial recognition and at the reporting date:

- bank balances;
- long term deposits;
- trade deposits; and
- other receivables.

Loss allowance for trade receivables are always measured at an amount equal to life time ECLs.

Life time ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. Twelve months ECLs are portion of ECL that result from default events that are possible within twelve months after the reporting date.

ECLs are a probability weighted estimate of credit losses. Credit losses are measured at the present value of all cash short falls (i.e. the difference between cash flows due to the entity in accordance with the contract and cash flows that the company expects to receive).

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectation of recovering a financial asset in entirety or a portion thereof.

### **3.24.6 Derecognition**

#### **Financial assets**

Financial assets are derecognized only when the contractual rights to cash flows from the financial assets expire or when it transfer the financial assets and substantially all the associated risks and reward of ownership to another entity. On derecognition of financial assets measured at amortized cost, the difference between the assets carrying value and the sum of the consideration received and receivable recognized in statement of profit or loss. In addition, on derecognition of an investment in a debt instrument classified as at FVOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve reclassified to statement of profit or loss. In contrast, on derecognition of an investment in equity instrument which the Company has elected on initial recognition to measure at FVOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to statement of profit or loss, but is transferred to statement of changes in equity.

#### **Financial liabilities**

Financial liabilities are derecognized only when its obligations under the financial liabilities are discharged, cancelled or expired. The difference between the carrying amount of the financial liabilities derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in statement of profit or loss.

### **3.24.7 Off-setting of financial assets and liabilities**

Financial assets and liabilities are off set and the net amount is reported in the statement of financial position if the Company has a legal right to set-off the transactions and also intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

## **3.25 Leases**

### **3.25.1 Right of use assets**

Right-of-use assets are recognized at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Unless the Company is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognized right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment.

### **3.25.2 Lease liabilities**

At the commencement date of the lease, lease liabilities are recognized and measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the Company uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

## **3.26 Presentation and functional currency**

The financial statements have been presented in Pakistani Rupees, which is the Company's functional and presentation currency.

## **3.27 General**

The figures have been rounded off to the nearest rupee, else otherwise stated.

5.1 The Company has entered into lease agreements for its head office having lease term from February 01, 2020 to January 31, 2023 and from July 01, 2021 to June 30, 2023 for various floors in Progressive Plaza, Karachi and its branch offices from July 01, 2021 to June 30, 2023 and from July 01, 2021 to June 30, 2023 in Peshawar and Karachi. The rentals payments are determined on the basis of discount factor applied at the rate of one months KIBOR+2.5% per annum.

5.2 The company has entered into lease agreement with MCB Leasing Limited for leased vehicles. Lease rentals are payable in monthly installments. Financial charges included in lease rentals are determined on the basis of discount rate implicit in the lease. At the end of the lease term, the ownership of the assets shall be transferred to the company on the settlement of the residual value against lease key money.

	2022	2021
	----- (Rupees) -----	
Within one year	<u>13,657,166</u>	11,008,586
In the second to fifth year	<u>18,361,027</u>	18,413,401
	<u>32,018,193</u>	29,421,987
Less: Interest expense for future periods	<u>(4,679,696)</u>	(2,741,444)
	<u>27,338,497</u>	<u>26,680,543</u>
Amounts due for settlement within 12 months (shown under current liabilities)	10,586,777	10,425,216
Amount due for settlement after 12 months	16,751,720	16,255,327
	<u>27,338,497</u>	<u>26,680,543</u>

	Note	2022 ----- (Rupees) -----	2021 -----
<b>17.1 Movement:</b>			
Opening balance		26,680,543	12,004,279
Additions during the year	5.1 & 5.2	9,831,859	21,633,377
Finance cost during the year		4,016,352	1,948,752
Repayment during the year		(13,190,257)	(8,905,865)
Closing balance		<u>27,338,497</u>	<u>26,680,543</u>

## 18. TRADE AND OTHER PAYABLES

### Trade creditors

Due to clients against trading of securities		284,527,110	445,285,521
Due to associated companies / persons against trading of securities		6,184,712	2,703,201
Due to clients against unsettled trades		650,142,339	333,532,848
Due to unidentified clients	18.1	6,281,874	5,102,518
	18.2	947,136,035	786,624,088
Accrued and other liabilities		15,623,208	22,781,914
Salaries, benefits and allowances payable		-	3,526,741
Accrued markup		742,438	1,012,991
Dividend payable		12,566	11,846
		<u>963,514,247</u>	<u>813,957,580</u>

18.1 This amount includes profit received in customers bank account which is actually payable to customers. TSL reclassifies this amount subsequently in corresponding customer accounts.

18.2 The above balance of Rs. 947,136,035 (2021: Rs. 786,624,088) has been reported under trade date basis while the balance under settlement date basis amounting to Rs. 290,711,822 (2021: Rs. 447,988,722). Trade creditors outstanding for more than 30 days amounts to Rs. 232,815,130 (2021: Rs. 234,244,474). The Company updates ledger balance of the client once it receives the amount from NCCPL. The Company however provides in ordinary course of business trading limits based on the value of ledger balance adjusted for collaterals sold and securities held by its clients.

## 19. SHORT TERM RUNNING FINANCE

The Company has a running finance facility upto Rs. 240 million (2021: Rs. 240 million) obtained from National Bank of Pakistan (Holding company) which is secured against first pari passu charge by way of hypothecation over all present and future receivables, books debts, claims and rights of the Company. The mark-up on the facility is payable quarterly and mark-up structure of the facility is on floating rate which is 3 months KIBOR plus 2.5% (based on timely payment rebate ranges from 0.5% to 0.1%) per annum [2021: 3 months KIBOR plus 2.5% (based on timely payment rebate ranges from 0.5% to 0.1%) per annum].

## 20. CONTINGENCIES AND COMMITMENTS

### 20.1 Contingencies

Tax Department issued notice alleging non-payment of Federal Excise Duty [FED] on Company's services under Federal Excise Act, 2005 for tax years 2010 to 2013. In response thereto, an extension request was filed. The Department however issued an order raising demand of Rs. 18.603 million. The said demand represents duplicate levy of FED on services on which sales tax has already been paid under the Sindh Sales Tax on Services Act, 2011. An appeal / stay application has already been filed before Commissioner Inland Revenue - Appeals [CIR(A)], which has been decided on March 22, 2016, where the CIR has upheld the order of the DCIR presuming that if the Sindh Revenue Board has started charging sales tax on the same services, the provision for charging FED is to be treated as redundant or superfluous; these are two separate and distinct taxes be imposed by two different legislative bodies. Appeal against same has been decided in favour of the company by the ATIR vide its order bearing No. FEA No.29/KB of 2016, dated November 16, 2020. Further, the Company has challenged the order on constitutional grounds before the Honourable Sindh High Court (SHC) along with Stockbrokers' Association wherein the Honourable SHC has strike down levy of FED on constitutional grounds.

Being aggrieved, the Department has challenged on July 31, 2015 the said order before Honourable Supreme court hearing of which is not fixed till to date.

20.2 Securities & Exchange Commission of Pakistan (SECP) imposed a penalty of Rs 400,000 for contravening the provisions of Anti Money Laundering Regulations vide its order dated December 23, 2020. The management of the company has filed an appeal on January 22, 2021 against the said order in the Appellate Tribunal of SECP.

20.3 In an order issued under section 170(4) of the Ordinance, the DCIR disallowed tax deductions totaling Rs. 2,508,206 for the tax year 2015. Furthermore, the DCIR disallowed certain expenses due to incorrect expense allocation. This resulted in a reduction in the refund claimed in the tax return of 2015 from Rs. 6,090,692 to Rs. 579,558. In this case, an appeal has been filed on September 23, 2020 with CIR(A) and decision is pending in this regard.

20.4 During the financial year 2022 the Assistant / Deputy Commissioner Inland Revenue ("DCIR") has issued an order under section 221 dated June 15, 2022. The order reduced the company's tax refundable for the subject tax year from Rs. 11,327,125 to Rs. 7,115,728 by disallowing taxes claimed in the tax return of 2018 amounting Rs. 4,211,397. The Company has filed an appeal on July 4, 2022 with CIRA against the Order, which is currently being adjudicated. Hearing is fixed and the order is still pending in this regard

## 21. REVENUE FROM CONTRACT WITH CUSTOMERS

### Brokerage and commission

From corporate clients		45,172,247	81,526,158
From individuals clients		32,539,989	47,470,271
	21.1	<u>77,712,236</u>	<u>128,996,429</u>

21.1 Brokerage and Commission is exclusive of Sindh sales tax on services amounting to Rs. 10,001,909 (2021: Rs. 16,151,492).

	Note	2022 ----- (Rupees) -----	2021 -----
22.	<b>OTHER OPERATING REVENUE</b>		
	Capital gain on sale of securities	3,158,711	15,111,364
	Capital gain on sale of units of mutual funds	3,018,647	-
	Dividend Income	8,457,276	300,591
	<b>Income from financial assets</b>		
	Mark-up income on bank PLS deposits	29,239,152	10,175,179
	Profit on cash margin with National Clearing Company of Pakistan Limited	3,360,920	1,052,552
		<u>47,234,706</u>	<u>26,639,686</u>

22.1 This includes income amounting to Rs. 470 (2021: Rs. 538) received from related party.

22.2 The PLS savings account had a profit margin derived from the profits of the customer's bank account and TSL's bank account. It is important to note that TSL originally classified this surcharge as payable to individual customers. Clients who do not want to take interest will waive the premium in favor of TSL, who will eventually classify this as income.

28.1 The chief executive officer and certain executives are provided with free use of the Company's cars / cash in lieu of cars and mobile phones (subject to limits authorized by the Company) in accordance with the terms of employment.

## 29. TRANSACTIONS WITH RELATED PARTIES

The Company is a Government related entity as defined in IAS 24 'Related Party Disclosures' and is indirectly controlled by the Government of Pakistan, consequently, all entities owned or controlled, whether directly or indirectly, by the Government of Pakistan are related parties of the Company.

The disclosures required under Para 18 of IAS 24 are impracticable for all entities owned or controlled by the Government of Pakistan. Nonetheless, under IAS 24, the Company, being a government entity, is required to disclose the nature and amount of each individually significant transaction and for other transactions that are collectively, but not individually, significant, a qualitative or quantitative indication of their extent.

The related parties and associated undertakings comprise parent company, its subsidiaries and associated companies, directors and their related concerns and key management personnel. All transactions involving related parties arising in the normal course of business are conducted at commercial terms and conditions. Transactions with the key management personnel are made under the terms of employment / entitlements. Contributions to the employee retirement benefits are made in accordance with the terms of employee retirement benefit schemes and actuarial advice. Details of transactions and balances with related parties during the year, other than those which have been disclosed elsewhere in these financial statements, are as follows:

### 30. OPERATIONAL RISK MANAGEMENT

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Company's operations either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behavior.

Operational risks arise from all of the Company's activities. The Company's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns for investors. The primary responsibility for the development and implementation of controls over operational risk rests with management. This responsibility encompasses the controls in the following areas:

- requirements for appropriate segregation of duties between various functions, roles and responsibilities;
- requirements for the reconciliation and monitoring of transactions;
- compliance with regulatory and other legal requirements;
- documentation of controls and procedures;
- requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified;
- ethical and business standards;
- risk mitigation, including insurance where this is effective.

The Company's operational cash flows and financial conditions could also be negatively affected by the following:

- a) If employees are quarantined as the result of exposure to COVID-19, this could result in disruption of operations and impact economic activity.
- b) Similarly, operational issues resulting from the rapid spread of COVID-19 in Pakistan may have a material effect on our business and results of operations.

However the Company manages above risks with well-defined Disaster Recovery (DR) and Business Continuity Plan (BCP). The staff is sufficiently trained and aware of their job responsibilities in case of any calamity which may prevent employees to use office of the Company or any other joint working space. The BCP also provides remote access to the resources for employees to fulfil their job responsibilities and service clients while ensuring utmost security of the Company's information system.

### 31. FINANCIAL RISK MANAGEMENT

The management of the Company has an overall responsibility for the establishment and oversight of the Company's risk management framework. Management is also responsible for developing and monitoring the Company's risk management policies. However, the Board is responsible to setup risk management committee to effectively review the risk function.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

### 31.1 Risk management framework

The Company is exposed to credit risk, liquidity risk and market risk in respect of financial instruments.

### 31.2 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Company by failing to discharge an obligation. The Company seeks to minimize the credit risk exposure through having exposures only to customers considered credit worth and obtaining securities where applicable. The carrying amount of these financial assets represents the maximum credit exposure at the reporting date.

	Note	2022 ----- (Rupees) -----	2021 -----
Long term deposits and advances		2,453,175	3,669,518
Trade debts	31.2.1	669,418,261	411,085,584
Advances, Deposits and Prepayments		180,700,997	163,563,247
Accrued income		1,880,114	377,000
Cash and bank balances	31.2.2	320,235,216	482,897,446
		<u>1,174,687,763</u>	<u>1,061,592,795</u>

#### 31.2.1 The age analysis of the trade debts is as follows:

	2022					
	Carrying amount		Provision held	Total	Amount un-secured - net of provision	Amount secured
Amount outstanding	Impaired					
----- (Rupees) -----						
Not yet due*	659,754,107	-	-	659,754,107	-	659,754,107
Upto 3 months*	9,053,584	-	-	9,053,584	5,537,607	3,515,977
3 to 6 months	1,220,604	-	-	1,220,604	934,509	286,095
More than 6 months	7,752,150	3,278,207	(3,278,207)	4,473,943	873,754	3,600,189
	<u>677,780,445</u>	<u>3,278,207</u>	<u>(3,278,207)</u>	<u>674,502,238</u>	<u>7,345,870</u>	<u>667,156,368</u>

\* Not yet due represents an amount of Rs. 659,754,107 (2021: Rs. 373,236,276) due from National Clearing Company of Pakistan Limited against unsettled trades, which is considered secured. Further, subsequent to the year-end, the Company has collected significant portion of the amount presented as un-secured in the upto 3 months' category.

	2021					
	Carrying amount		Provision held	Total	Amount un-secured - net of provision	Amount secured
Amount outstanding	Impaired					
----- (Rupees) -----						
Not yet due*	373,236,276	-	-	373,236,276	-	373,236,276
Upto 3 months*	34,156,795	-	-	34,156,795	24,278,194	9,878,601
3 to 6 months	4,800,318	-	-	4,800,318	1,467,544	3,332,774
More than 6 months	7,254,385	3,278,207	(3,278,207)	3,976,178	1,910,357	2,065,821
	<u>419,447,774</u>	<u>3,278,207</u>	<u>(3,278,207)</u>	<u>416,169,567</u>	<u>27,656,095</u>	<u>388,513,472</u>

#### 31.2.2 Bank balances

The Company limits its exposure to credit risk by investing in liquid securities and maintaining bank accounts only with counterparties that have stable credit rating. Given these high credit ratings, management does not expect that any counter party will fail to meet their obligations.

The bank balances along with the credit ratings are tabulated below:

	Rating		Rating agency	As at December 31,	
	Short-term	Long-term		2022	2021
----- (Rupees) -----					
MCB Bank Limited	A1+	AAA	PACRA	54,141,218	177,668,496

Total				<b>320,235,216</b>	<b>482,897,446</b>

### 31.3 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following are the contractual maturities of financial liabilities:

	Carrying Amount	Contractual cash flows	Maturity not later than one month	Maturity later than one month and not later than three months	Maturity later than three months and not later than one year	Maturity later than one year and not later than five years
----- (Rupees) -----						
<b>2022</b>						
<b>On Statement of financial position</b>						
Trade and other payables	963,514,247	963,514,247	963,514,247	-	-	-

### 31.4 Market risk

Market risk means that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, interest rates and equity prices. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. Market risk comprises of three types of risk: foreign exchange or currency risk, interest / mark up rate risk and price risk. The market risks associated with the Company's business activities are discussed as under:

#### 31.4.1 Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in the market yield. At the reporting date the interest rate profile of the Company's significant interest bearing financial instruments was as follows:

	Note	Carrying Amount	
		2022	2021
		----- (Rupees) -----	
Fixed rate investments	14 & 23	<u>317,161,703</u>	<u>478,226,217</u>
Variable rate investments	13	<u>12,280,942</u>	<u>160,209,174</u>

#### Sensitivity analysis for variable rate instruments

The Company holds investments in PSX and JSCL exposing the Company to cash flow interest rate risk.

For cash flow sensitivity analysis of variable rate instruments, a hypothetical change of 100 basis points in interest rates during the year would have decreased / increased profit for the year by the amounts shown below. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. Actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

	Impact on profit before tax	
	100 bp increase	100 bp decrease
	----- (Rupees) -----	
<b>As at December 31, 2022</b>		
Cash flow sensitivity - variable rate instruments	<u>122,809</u>	<u>(122,809)</u>

### 31.4.2 Price risk

Price risk is the risk of unfavorable changes in the fair value of securities as a result of changes in the value of individual shares / net asset value of units. The price risk exposure arises from the Company's investments in equity securities and mutual funds during the year. The Company's policy is to manage price risk through selection of blue chip securities and obtain cover under futures.

The Company's investments in quoted equity securities amount to Rs. 12.28 million (2021: Rs 160.2 million) at the reporting date. The carrying value of investments subject to equity price risk are, in almost all instances, based on quoted market prices as of the reporting date. Market prices are subject to fluctuation. Fluctuation in the market price of a security may result from perceived changes in the underlying economic characteristics of the investee, the relative price of alternative investments and general market conditions.

In case of fair value through OCI investments, a 10% increase / decrease in share prices and net asset value at year end would have increased / decreased the other comprehensive income of the Company by increasing / decreasing surplus on revaluation of such investment by the amounts given below. Investments at fair value through profit or loss are currently not exposed to any price risk since the Company has entered into future sale contract in respect of these securities.

	As at December 31,	
	2022	2021
	----- (Rupees) -----	
Effect on other comprehensive income - net of tax	<u>1,228,094</u>	<u>2,088,000</u>
Effect on investments	<u>1,228,094</u>	<u>2,088,000</u>

### 31.4.3 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company, at present is not exposed to currency risk as all transactions are carried out in Pak Rupees.

## 32. FAIR VALUE AND CATEGORIES OF FINANCIAL ASSETS AND LIABILITIES

Fair value is an amount for which an asset could be exchanged or a liability settled between knowledgeable willing parties in arm's length transaction. The table below analyses financial instruments carried at fair value, by valuation method. The different levels (methods) have been defined as follows:

- Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3:** Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Fair value of the financial assets that are traded in active markets are based on quoted market prices. The following table shows fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value. These financial assets and financial liabilities are short term and their fair value approximates their carrying value:

On Statement of financial position financial instruments

### 33. CAPITAL RISK MANAGEMENT

The primary objective of the Company's capital management is to maintain healthy capital ratios and optimal capital structure in order to ensure ample availability of finance for its existing operations, for maximizing shareholders' value, for tapping potential investment opportunities and to reduce cost of capital.

The Company is subject to minimum capital and base minimum capital requirements under PSX Regulations. The minimum capital requirement is Rs. 50 million and that for base minimum capital is Rs. 28 million, however Company's capital and base minimum capital is Rs. 135 million and Rs. 29.38 million respectively.

The Company manages its capital structure and makes adjustment to it, in light of changes in economic conditions. Furthermore, the Company finances its operations through equity and management of its working capital with a view to maintain an appropriate mix between various sources of finance to minimize risk.

### 34. USE OF COLLATERAL AND TRADING SECURITIES

The Company purchases and sells securities as either principal or agents on behalf of its customers. If either the customer or a counterparty fails to perform, the Company may be required to discharge the obligation on behalf of the non-performing party. In such circumstances, the Company may sustain a loss if the market value of the security is different from the contracted value of the transaction less any margin deposits that the Company has on hand. Where the customer operates through institutional delivery system, the Company is not exposed to the risk.

Transactions involving future settlement give rise to market risk, which represents the potential loss that can be caused by a change in the market value of a particular financial instrument. The credit risk for these transactions is limited to the unrealized market valuation losses which have been recorded in the statement of accounts of the customers. As explained above, credit risk is controlled through a variety of reporting and control procedures.

### 35. OPERATING SEGMENTS

A segment is a distinguishable component of the Company that is engaged in business activities from which the Company earns revenues and incurs expenses and its results are regularly reviewed by the Company's Chief Operating Decision Maker to make decision about resources to be allocated to the segment and assess its performance. Further, discrete financial information is available for each segment. Based on internal management reporting structure, the Company is organized into the following three operating segments namely equity brokerage, investment and treasury operations and other operations. Segment revenue, segment result, costs, assets and liabilities for the year are as follows:

	December 31, 2022			Total
	Equity brokerage	Investment and treasury	Other operations	
	(Rupees)			
Segment revenues *	77,712,236	47,234,706	72,500	125,019,442
